NEW REQUIREMENTS

Beginning in 2021

- **To be eligible for SCHOOL SUPPLIES:** caregivers must participate in at least 4 support groups by June 2021 and children (ages 8+) must participate in at least 2 by June 2021
- **To be eligible for ADOPT A FAMILY:** caregivers must participate in at least 4 groups per person by September 2021 and children (ages 8+) must participate in at least 2 by September 2021

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

- **To be eligible for ADOPT A FAMILY:** caregivers must participate in at least 4 groups per person by September 2021 and children (ages 8+) must participate in at least 2 by September 2021

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

NEW REQUIREMENTS

Beginning in 2021

- **To be eligible for SCHOOL SUPPLIES:** caregivers must participate in at least 4 support groups by June 2021 and children (ages 8+) must participate in at least 2 by June 2021
- **To be eligible for ADOPT A FAMILY:** caregivers must participate in at least 4 groups per person by September 2021 and children (ages 8+) must participate in at least 2 by September 2021

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

- **To be eligible for ADOPT A FAMILY:** caregivers must participate in at least 4 groups per person by September 2021 and children (ages 8+) must participate in at least 2 by September 2021

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

NEW REQUIREMENTS

Beginning in 2021

- **To be eligible for SCHOOL SUPPLIES:** caregivers must participate in at least 4 support groups by June 2021 and children (ages 8+) must participate in at least 2 by June 2021
- **To be eligible for ADOPT A FAMILY:** caregivers must participate in at least 4 groups per person by September 2021 and children (ages 8+) must participate in at least 2 by September 2021

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

- **To be eligible for ADOPT A FAMILY:** caregivers must participate in at least 4 groups per person by September 2021 and children (ages 8+) must participate in at least 2 by September 2021

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

NEW REQUIREMENTS

Beginning in 2021

- **To be eligible for SCHOOL SUPPLIES:** caregivers must participate in at least 4 support groups by June 2021 and children (ages 8+) must participate in at least 2 by June 2021
- **To be eligible for ADOPT A FAMILY:** caregivers must participate in at least 4 groups per person by September 2021 and children (ages 8+) must participate in at least 2 by September 2021

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

- **To be eligible for ADOPT A FAMILY:** caregivers must participate in at least 4 groups per person by September 2021 and children (ages 8+) must participate in at least 2 by September 2021

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.

To locate your local Senior Medicare Patrol, call 1-877-808-2468 or visit www.smpresource.org.

Resource Corner

- **\$2400 Respite Care Vouchers:** For caregivers that are 55+ caring for adults (18 to 59 years) with disabilities. See if you qualify at and apply for a voucher at www.empowerline.org or by calling (404) 463 3333
- **New scholarships from DECAL are available to help families with childcare when children are in virtual school.** Scholarships support working families with children ages 5-12 (kindergarten through grade 7) by paying for care, supervision, and support during the school day while students are engaged in virtual learning. Find out more and see if you qualify at decal.ga.gov/caps/solve.aspx

Welcome Our New Program Director!

Melissa Mason Flanders

Melissa Mason Flanders has been in the non-profit field for over 20 years providing wrap around services to families, adults with intellectual and developmental disabilities and children. These services include senior initiatives, family self-sufficiency programs, foster care clinical coordination, parenting training, job readiness, teen outreach, education, and community living for adults with disabilities. Her work history includes positions with the Georgia Department of Behavioral Health and Developmental Disabilities, United Cerebral Palsy of Georgia and Annandale Village. Mason Flanders is a graduate of Shorter University with a Bachelor of Science, graduating with cum laude honors, and a Master of Arts focused on human services and leadership.

In addition to many other leadership awards she was awarded Woman of the Year by Jersey City Medical Center for her work with the Hoboken Housing Authority. Her most prestigious recognition is a community network award presented by HUD for community initiatives working under the Drug Elimination Grant. Mason Flanders is also a certified employment specialist through the University of Georgia and has a published 15 week -job readiness course in the curriculum textbook. She brings knowledge of community initiatives and a passion for helping children and families live an enhanced quality of life filled with joy and success.

We are so excited to have her join the
Project GRANDD Family!

COVID-19 VACCINE INFORMATION

(From Administration for Community Living News & Events): As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults and people with disabilities are at greater risk for serious illness from COVID-19, they may target these populations.

It's important to remember that although the Centers for Disease Control and Prevention (CDC) and other public health officials may contact you if they believe you may have been exposed to the virus, they will not need to ask you for insurance or financial information.

Scammers rapidly alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the COVID-19 vaccine to prey on unsuspecting people. Be vigilant and protect yourself from potential fraud concerning COVID-19 vaccines and treatments.

Here are things you need to know about the COVID-19 vaccine:

- You likely will not need to pay anything out-of-pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- You will not be solicited door to door to receive the vaccine.
- No one from Medicare or the Health Department will contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Medicare number, Social Security number, or your credit card or bank account information to sign you up to get the vaccine.

The Senior Medicare Patrol (SMP) recommends that Medicare beneficiaries:

- Contact your own doctor if you are experiencing potential symptoms of COVID-19.
- Do not give out your Medicare number, Social Security number, or personal information in response to unsolicited calls, texts, emails, home visits, or booths at health fairs and other public venues. If your personal information is compromised, it may be used in other fraud schemes as well.
- Be suspicious of anyone going door-to-door to offer free coronavirus or COVID-19 testing, supplies, treatments, or vaccines.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That's a scam.
- Carefully review your Medicare Summary Notice (MSN) or Explanation of Benefits (EOB), looking for errors or claims for products or services that weren't received.
- Follow the instructions of your state or local government for other actions you should be taking in response to COVID-19.
